THE RALEIGH NEWS.

VOL. XIII--NO. 113. RALEIGH, N. C., TUESDAY MORNING, JULY 9, 1878. $5.00 PER ANNUM

THE EUROPEAN CONGRESS.

By Cable to the News.

LONDON, July 8.—Berlin advices state that the quesrion of Batoum was at one time the cause of grave apprehensions. Its settlement was the result of an application to the Czar for new instructions. Lord Beaconsfield having declared that unless the commercial character Batoum was strictly guaranteed, England would deem herself entitled to send iron clads through the straits whenever she pleased.

Various correspondents at Berlin agree that the settlement now reached implies that the fortification shall be dismantled and no more men-of-war stationed in the harbor.

The Post's Berlin correspondent says: "As compensation for the loss of Batoum, Congress decided that the Turks shall retain Bayazid and the whole valley leading thereto, including Alashgerd."

A Berlin despatch says, the treaty will be signed Saturday.

Negotiations between Austria and Turkey relative to the occupation of Bosnia and Herzgovina have commenced. The Turks desire Austria to sign the document acknowledging the Sultans title to the provinces.

Treaty Concluded Between England and Turkey.

By Cable to the News.

LONDON, July 8.—The Daily Telegraph this morning has the following from Berlin dated July 7: England and Turkey have concluded a defensive treaty. England occupies Cyprus immediately and guarantees integrity of Assiatic Turkey. The Daily Telegraph's correspondent also says, This defensive treaty does not necessarily come within scope of deliberations of Congress. It is an independent contract between powers concerned, validity of which could not be called in question except at cost of war. The arrangement will however be announced to Congress. Position of Cyprus will give England absolute control over the Euphrates Valley. A Line of railway having this object in view is to be constructed. No further Russian encroachment in this direction will be possible. So far as Asia is concerned England and Turkey will practically form one power.

Life Saving Stations on the Coast of North Carolina.

By telegraph to the News.

WASHINGTON, July 7.—The Superintendent of the Life Saving Service will begin as early as practicable to erect new stations on the coast of North Carolina. It is likely that a life saving carriage, designed to make rapid transit from the stations to points of disaster, a late invention of Lieut. Walton, assistant inspector of the 6th district, will be employed by the North Carolina coast, with a view to test its efficiency for all stations.

Mexican Affairs.

By Telegraph to the News.

HAVANA, July 7—City of Mexico advices to 30 ult., represent that country rife for revolution. General Negrete has resigned and is regarded as the coming revolutionary chief. Other Generals are disseminating revolutionary ideas among lower officers of the army. Mejiia has returned to Mexico and Diaz has united with him in the effort to prevent a disturbance. Mata has been appointed Minister of Foreign relations. It is rumored that Sebastian Campos will succeed Riva Palacio as Minister of Public Works.

English Occupation of Cyprus.

By Cable to the News.

LONDON, July 8.—Right Hon. Ashton Cross, Secretary of State for the Home Department, made the following statement in the House of Commons this afternoon, replying to an inquiry of Lord Hartington: "In view of the retention of Batoum by Russia, a conditional convention was concluded on the fourth of June last with the Porte; England agreeing to defend Turkey against aggression, and the Porte ceding Cyprus, which will be immediately occupied by England. Sir Garnet Wolseley will be appointed to administer the affairs of the Island."

Mr. Potter and Secretary Sherman.

By Telegraph to the News.

WASHINGTON, July 8.—Chairman Potter has written to Secretary Sherman in reply to a recent letter from the latter asking that witnesses be summoned from Louisiana (a list of which Mr. Sherman sent to the committee) to testify to fraud and intimidation in that State. Mr. Potter says he understands they have testified before former committees of the House and Senate and have been also contradicted. The committee are, therefore, unable now to decide whether it will be proper to take that evidence. This can be determined after the inquiry now in progress in Louisiana has further proceeded.

Battle with Indians.

By Telegraph to the News.

PORTLAND, OREGON, July 8.—Gov. Chadwick, who is now at Umatilla, telegraphs here under date of July 7th, that the volunteers under Capt. Sperry, fifty strong, were defeated at Yellow Springs, thirty miles South of Pendleton, yesterday. Sperry and nearly all of his command was killed or wounded. We can hear of but seven left.

Highway Robbery.

By Telegraph to the News.

GALVESTON, July 6—A News special from Mason says the western bound stage was last night stopped by the same gang that robbed the eastern bound mail. This is the fourth time the mail has been robbed at the same spot within two years.

Our Government and the Israelites.

WASHINGTON, July 7.—Our Consul at Morocco has been instructed to cooperate with representatives of other governments in using his good officers in behalf of oppressed Israelites in that empire.

Occupation of Bosnia and Herzegovina Postponed.

By Cable to the News.

VIENNA, July 7.—The occupation of Bosnia and Herzegovina has been finally postponed until August, in order to give time for the restoration of the railways and for the organization of the future administration of the provinces.

THE CONGRESS OF THE POWERS.

Results Decidely Unsatisfactory--Public Opinion in Greece and Russia.

By Cable to the News.

LONDON, July 5—A Telegram from Vienna points out that Batoum is not to be made a free port after the fashion of Hamburg, but is to become a Russian free port, which is a different thing. Respecting Crete, the solution proposed by the Congress is considered unacceptable at Athens, where public opinion is exasperated. On Friday a manifestation in which 15,000 people participated took place in front of the King's Palace. The Government is powerless to resist the current of popular feeling. On Friday evening orders were issued for the transfer of the royal guard to the frontier at Lamia.

A Times Berlin correspondent telegraphs, that he learns from perfectly trustworthy sources, that in St. Petersburg, and still more in Moscow, great indignation is felt at the result of the Congress. The Russian diplomatists in general, and the plenipotentiaries at Berlin in particular, are spoken of with contempt. They do nothing, people say, but make concessions and are ready to accept any humiliation to gain the approbation of Europe.

PENDER COUNTY.

Democratic Nominations.

Special to the News.

BURGAW, July 8.

The Democratic County Convention met to-day and nominated T. J. Armstrong, Jr., for the Legislature; A. H. Paddison for Sheriff; W. T. Bannerman for Clerk; L. W. Howard for Register of Deeds; Henry Murphy, Coroner, and P. D. Brown, Surveyor.

Electric Sparkles.

The French elections held on Saturday resulted favorably for the Republicans.

The Secretary of the Navy, U. S., is on a tour of inspection along the coast.

S. A. Brown, lately appointed a consul to Birmingham, will not go, but will retain his position as chief clerk, Department of State.

Communication Reopened.

By Telegraph to the News.

NEW YORK, July 8.—Communication by telegraph between Key West and Havana has been restored by the repair of No. 3 Cable of the International Ocean Telegraph Company. It is expected that duplicate Cable (No. 2) will be repaired in a few days.

Robbery.

By Telegraph to the News.

PROVIDENCE, July 7.—The residence of Gov. Vanzant, at Newport, was robbed yesterday of watches and jewelry valued at three thousand dollars.

By Cable to the News.

LONDON, July 8.—A dispatch to the Times, from Calcutta, reports forty-seven hundred houses destroyed by a conflagration in Mundalay.

WARREN COUNTY.

Mixed State of Political Affairs.

Correspondence of the News.

WARRENTON, July 8.

With a negro Solicitor in nomination, and a black majority of seven thousand, the conservatives of this district are in a "bad way," but they are true to their colors, nevertheless, and never fail to vote for the men who represent the principles of true Democracy. In former and better days. Warren was represented by such men as Turner, Eaton, Pitchford, M. W. Ransom, Jenkins and other bright minds; but since the war, her part of the law-makers have been men who could scarcely write their names. But we look with confidence to our friends of the centre and west for aid. At the last election, Warren polled 1,315 conservative votes, and we are proud of our record when we say that there are only two native white radicals in the county. Owing to the overwhelming majority against us, we have not put a ticket on the field in several years, but our Executive Committee is a good one, and we will poll our full strength for the Supreme and Superior Court Judges.

The radicals are quarreling among themselves, and, owing to the number of aspirants for office, confusion and strife predominate. They met here on the 15th of June, with double delegates from several of the townships, and the confusion was so great, the chairman, Burgess, of the County Executive Committee, after consulting with the delegates, adjourned the Convention to 6th of July. But through Hyman's manipulations, aided by one or two clearer heads, a number of delegates met here on the 29th June, and after being shut up in a room until 5 o'clock p. m., came out and announced a set of candidates. But notwithstanding Hyman's trickery, he could not get a single delegate for himself. The action of this informal convention called forth curses from both factions. Their regular convention met here last Saturday. It was not as well attended as in former years, but worked tolerably harmoniously, and nominated the following ticket: the old Sheriff and Clerk, J. M. Brame, Surveyor; W. G. Plummer, Coroner; W. T. Alston, Treasurer; Mansfield Thornton, colored, Register, three negroes for the General Assembly and two colored delegates to the Goldsboro Convention, viz: Montgomery and Crosby, who are, I learn, very strong in this county, and gaining strength. Poor Hyman is buried, politically, too deep for resurrection. J. W. Thorne is also a congressional aspirant, and seems to be confident of this election. Hyman and Harriss and Thorne are of course at loggerheads. Hyman has just about sense enough to know that Harriss is far his superior in brain, education and address and knowing that he is lost himself, he is trying to drag every body down with him, that shows superior strength mentally or morally. There are also double or independent candidates for most of the county offices; Col. Cheek, a prominent Democrat and a gentleman of talent, will be brought out by some of both parties, in opposition to the present nominee for Sheriff. So you see politics are boiling over with us. Our cotton crop is very inferior. Several of our oldest citizens have recently died. S.

BELIN, July 7.—It has been decided to grant autonomy to Western Roumelia Epirus, Thessaly and Crete to be secured by European contract.

THE LAND OF THE SKIES.

Western North Carolina--Down the French Broad--The Warm Springs---Hotel and Baths---The Mountain Surroundings--Travelling Scientists---Distinguished Visitors.

Correspondence of the News,

WARM SPRINGS, July 2.

Bright and early yesterday morning we left Ashville for a ride down the French Broad to Warm Springs, a distance of 37 miles. One who has never traveled over this road can form no idea of the magnificent scenery by which you are surrounded at every moment as you pass along. You are right at the base of one of the Alleghany mountains and right on the bank of the French Broad all the way, so near to each nearly all the time that the stage driver can touch the water of the river with his whip on the one side and the cliffs and rocks of the mountain on the other. To describe the scenery is just simply impossible, there a trackless mountain peak covered with beautiful spruce pine, there a majestic rock, covered with beautiful moss, towering right over your head; here a mountain island in the midst of the river; and there a sparkling cascade; here the beautiful, blooming ivy, clinging to the mountain side, while beneath is the foaming falls and there a mighty rock lifting itself up from the midst of the stream, whilst around its base the laughing waters foam and play. Thus for 37 miles you are passing through a stupendous art gallery, whose sublime and beautiful pictures and scenes are the pencilings of Nature's own hand.

WARM SPRINGS.

After spending such a delightful day in the midst of the grandeur and beauty of the mountains and rivers of the Alleghanies we reached Warm Springs about 6 p. m., where we met some kind friends and a most cordial welcome. It is useless to tell your many readers where Warm Springs is or that Dr. W. H. Howerton, formerly of Raleigh, is its successful and popular proprietor. Soon after arriving we visited the Warm Springs, and found it warm indeed, then we had an excellent supper and then, which was the best of all, a a delightful bath in water of the Warm Spring which is about 104° Fagr. This prepared us for a delightful rest. Any man who takes one of these baths will certainly long for another. After breakfast this morning, Dr. Howerton carried us through

THE HOTEL BUILDINGS.

The Colonade, or French Broad Front comprises what is called the Main Building, it is about five hundred and fifty feet long and three stories high, the long veranda in front being supported by thirteen large columns. There is what is termed the Southern Extension which is a three story brick building, with mansard roof 160 feet long, then a two story wing 130 feet long, then a small brick cottage, the ball room, and the bath houses—these compose the buildings of Warm Springs. They have sufficient accommodations for seven or eight hundred guests. The rooms are handsomely furnished and well arranged. Dr. Howerton has every thing arranged in gastronomical order and spares [illegible] to make all his guests comfortable.

THE SPRINGS.

They have here three springs. One they call the Warm Spring, one the Cold Sulphur, and one the New Hot Spring. The first is right on the bank of the French Broad, and is now used more than any other. Its temperature is 104° F. The second is a short distance South-west of the hotel, and is said to be very fine sulphur water. The third is a spring recently found, and is 117° F in temperature. This is about 200 yards from the hotel, and it is now being improved, and will eventually be *the* spring of the place. The water at first is unpleasantly warm, but you soon learn to love it.

THE POOL BATHS.

These Baths consists of large pools, in the midst of which bubbles up, with great force, at the rate of two hundred and eighty gallons per minute, a clear, powerful mineral and electric water, temperature 102 to 104 degrees, Farenheit, enabling the bather to receive the full effects of the water, without depreciation of the mineral qualities or escape of gases, thus making a bath much more efficacious than those of the Hot Springs, of Arkansas, or Virginia, and in this respect, superior to anything on this continent. These Baths, so excellent and popular, have undergone improvements, and have added to them new and superior facilities for bathing. With their handsome, well-furnished Dressing rooms, carpeted floors and steps, water boiling up and flowing out at the rate of two hundred and eighty gallons per minutes, a bath in these pools is a luxury in health, and a blessing in affliction.

The pools are about four feet deep and about twelve feet square, and are perfectly clear, and look clean and nice. It is just delightful to plunge into the clear warm water, and the keeper of the bath has to force you to come out. It is not best to stay in too long at first.

THE TUB AND SHOWER BATHS.

A series of eight bath-rooms, handsomely constructed and admirably furnished for both ladies' and gentlemen's apartments, have been erected, with large, heavy silver trimmed French bathing tubs, handsomely encased in black walnut panel-work, and arranged for both hot and cold water, of which there is an abundant supply of both at the pleasure of the bather, which he can regulate, boiling hot, freezing cold, or tepid, by the turn of a button. The hot water is forced from the warm drinking spring by a model pump of new design, through a system of pipes constituting a model hot water works. The cold water for the tub baths comes from the top of the mountains through pipes under the bed of the river, a part of the system of water supply for the hotel. These elegant bathing tubs and their attachments, in position, cost nearly a hundred and fifty dollars each, and are not surpassed by the apparatus of any bath-house for public use in this country.

PLACES OF INTEREST AND ATTRACTION.

There are many places of interest near the spring, among others are evergreen Island, one of the loveliest of retreats, 300 yards off. The cliffs, Deer Park Mountains, Prospect Plateau, Spring Creek Falls. The Triple Cascades, Bluff Mountain, Lover's Leap, Paint Rock, Paint Mountain, Round Top Mountain, which is right in front of the Hotel. Rich Mountain, the Big Hill, Peter's Rock, French Broad Rapids, Mountain Island and many others too numerous to mention. All these places are attractive, and have connected with them some tradition or legend of the past. There are many places near here full of romance and beauty to entertain and interest the visitor.

THE PRESENT SEASON.

Large numbers of people visit this place, coming from the North in the winter, and from the South in the summer. There are about 75 persons here now. They expect six or seven hundred here this summer. They are just beginning to come in. The doctor received a message to-day that thirty-five persons would come in on to-morrow. They have a pleasant company of visitors, social and refined, easy to become acquainted with and pleasant in their intercourse with each other.

The property here belongs to Colonel Rumbough, who has a magnificent residence right near the Spring, and he is said to be worth about $300,000. Dr. Howerton has leased the property for five years, and is making money on it.

A PARTY OF SCIENTISTS

from Butler University, of Indianapolis, Ind., under the guidance and direction of Prof. D. S. Jordan, of the United States Fish Department, reached this place to-day. They are on a five week's tour, walking through the mountains, studying geology, botany and natural history. There were fifteen in the company, three of them ladies. They walk all the time, and carry all the baggage they have in a small satchel, thrown over their shoulders. Their appearance created quite a little excitement for several hours. Their style of dress and general appearance was quite diverting, and that of the ladies original to a man of refinement. They said they were to meet Prof. Kerr in the mountains this summer.

PERSONAL MENTION.

Among the visitors here we find Judge Marshal, of Mississippi, Judge Vandiver, of Georgia, and Mrs. General Elzey. Judge Cole and Mrs. Governor Ward, of New York, Colonel Bethel, of of Tennessee, and Major Engelhard and family, of North Carolina, are expected in a few days, some of them to-morrow. To Dr. Howerton and to Dr. Cale, formerly of Hot Springs, Ark., now of this place, we are indebted for many, very many kindnesses, and much attention shown us. R.

AGRICULTURAL CHEMICALS.

To Be Submitted to Rigid analytical Tests Letter from Prof. Ledoux

Correspondence of the New.

CHAPEL HILL, N. C. July 4.

To the Farmers of North Carolina:

"Our people are being worse cheated in their purchase of chemicals than in their fertilizers,"—is a remark often made and doubtless true. The rigid control having driven fraudulent manufacturers of fertilizers out of North Carolina, no doubt many have turned their attention to the inviting field of selling spurious chemicals for composting and making home manure. A prominent and worthy manufacturer of chemicals, recently called my attention to a man who was selling the unsuspecting, *Salt* for Sulphat of Ammonia, and Nitrate of Soda for Saltpeter. Hitherto the experiment station has not been able to offer much protection to the farmer in this direction; but at their April meeting the Board of Agriculture, with a wise liberality, decided to appropiate, the necessary money to bring about this very desirable end with this view I have secured the services of a second assistant, a trained German chemist, experienced in the analysis of all chemical and agricultural products. With this increase in our working force, there will no longer be any excuse for a farmer to be cheated. *I offer to every farmer in North Carolina to analyze for him after Sept. 10th, 1878, free of charge, any samples of Sulphate of Potash Muriate of Potash, Sulphate of Ammonia, Nitrate of Soda, and Saltpetre,* if he will comply with the following conditions:

1st. The sample must be drawn according to printed instruction which I will furnish on application.

2nd. The express charges must be prepaid to Chapel Hill.

The printed instructions for sampling will be ready on September 1st, and furnished on application. To secure an immediate benefit, let every dealer and every farmer who purchases chemicals *demand a guarantee* of their composition from the manufacturers, and tell them that a sample will be submitted to me, in September, to see if it comes up to guarantee. The analyses, with name of manufacturer and agent, will be published in the State papers.

The experiment station will, I trust, contrive to grow in usefulness, and from time to time, be able to take up new methods of helping the agriculturists of North Carolina. A. R. LEDOUX.

State papers please copy.

Hon. Robert B. Vance.

Lenoir Topic.

The Virginia papers continue to cast obloquy upon General Vance for his action in the tobacco tax question.

It is in keeping with Virginians to defame North Carolinians or to withhold just praise for meritorious actions performed by them. No member of Congress was a truer friend of reduction of tax than General Vance. No one worked harder for it. He and his colaborers there succeeded in getting the bill through the *House*, and if it failed to pass ths Senate, cause should be looked for somewhere else besides in the House. As for the amendment insisted upon by General Vance, it reflected the wishes not only for his constituents who had long groaned under the oppression from which the amendment looked directly for relief—but there is not an honest Democrat in the country but is anxious to see just such legislation made the law of the land. The friends of justice have long demanded that criminals should not be transfered from courts where punishment would be meeted out, to a polititical camp *organized for the very purpose of turning rascals loose upon the community*; and for demanding this, is what the Virginia papers are censuring Vance. But he will have the honor and satisfaction of seeing his course endorsed at home by being returned to Congress without a single vote in opposition to him.

Eel Story.

Lenoir Topic.

Mr. D. D. Coffey had on exhibition here last Monday the skin of the largest eel ever caught in our waters. After being skinned and drssed the eel weighed four pounds; was 36 inches long and 8 inches around. His celship was caught in a basket trap in Mulberry, and above Dickson's mill-dam.

WESTERN NORTH CAROLINA.

A Description of the Routes Traveled by Weddin and Bailey's Western Stage Lines.

ASHVILLE, N. C., July 6.

One who has not traveled in Western North Carolina has no idea how extensive staging is still done in this State. Fifty years ago a four or six horse stage any where in North Carolina was not a curiosity, but now in Middle and Eastern North Carolina a six horse stage coach would be a great curiosity. But we set out to speak of the stage lines owned by

WEDDIN AND BAILEY, OF ASHEVILLE, N. C.

These gentlemen own a large number of horses and coaches, having bought out that old veteran stager E. T. Clemmons, formerly of Salem, N. C These gentlemen now run a line from Henry's to Asheville, one four horse stage going each way every day. They have a line running from Asheville to Warm Springs, a stage going each way every day. Also one from Asheville to Murphy, a distance of 125 miles, and another line running from Asheville to Hendersonville. On all these lines they have the very best horses and the most comfortable coaches Their drivers are the best we ever saw. They do not allow their drivers to drink, nor to curse, nor to cut and lash their horses, in a word, they are required to conduct themselves as gentlemen. We rode with three of their drivers as follows: Mr. Lee, Mr. Reinhart, and Mr. Moffitt, and we were charmed with them. No one need feel any fear while riding with Weddin & Bailey's drivers Messrs. Weddin & Bailey

UNDERSTAND THEIR BUSINESS,

and conduct it in a manner alike creditable to themselves and satisfactory to their patrons. These gentlemen were in the employment of E. T. Clemmons, and when he desired to retire he could find no better hands in which to leave his extensive business. The scenery along these stage lines defies description. Any one traveling in Western North Carolina will find it entertaining to travel over these stage lines, and the journey will be as pleasant as a stage ride can be made. R.

CARTERET COUNTY CONVENTION.

Speeches by W. H. Day, Esq., and Dr. W. H. Barker--A Splendid Democratic Ticket In the Field.

Correspondence of the News.

OCEAN VIEW HOTEL, BEAUFORT, July 5.

The Democratic Convention of Carteret county, assembled on the 3d inst., to make nominations for the Legislature and county officers.

Mr. J. H. Davis, Chairman of the County Democratic Executive Committee, called tho meetiug to order.

ORGANIZATION OF MEETING.

Dr. John W. Sanders was made chairman, and George W. Charlotte, J H. Pool and H. C. Pool were appointed secretaries.

The chair appointed a Committee on Credentials, consisting of R. W. Humphrey, Wm. Hardesty, W. L. Arendell, Schackelford, George Smith, John L. Goodwin, Mark Mason.

SPEECH BY W. H. DAY, OF HALIFAX

During the absence of the committee. Capt. W. H. Day, of Weldon, (who is sojourning here, a guest of the Ocean View Hotel) was invited to address the convention, which he did in his usual happy style.

Dr. W. H. Barker, of Carteret, was next called upon, who spoke as none but the Doctor can speak.

The committee on credentials returned and reported favorably as to the delegates present.

CANDIDATES BEFORE THE CONVENTION.

The following gentlemen were placed in nomination for the House of Representatives: W. F. Howland, Dr. R. E. Walker, R. W. Bell, A. H. Chadwick, Dr. Richard Leffers, L. T. Oglesby and Geo. W. Charlotte. These gentlemen were all brought out in a manner which reflects credit upon their champions.

THE NOMINEES.

After repeated ballots Mr. C. H. Chadwick was nominated by a two-thirds majority, and afterwards made unanimous. John D. Davis the present incumbent, was nominated on first ballot for Sheriff.

James Rumley, Probate Judge, was nominated by acclamation.

John Humley Register of Deeds, was nominated by acclamation.

H. L. Nercom, Coroner, was nominated by acclamation.

Cull Pigott, was nominated for county Surveyor by two-thirds majority, and made nnanimons. You will have a good report from the Democracy of Carteret.

RADICAL GAME IN NASH.

Employing Independent Democrats as Sappers and Miners.

Rocky Mount Mail.

We have heard that it has been decided by the leaders of the Republicans of this (Nash) county not to put in nomination Republicans in opposition to our ticket and give the vote of the party to independent Democrats. Now what is this done for? Why vote for an independent rather than a regular nominee? Can't all see that the purpose is to break down our party organization. If by electing independents this time they can thereby divide the Democrats at the next election, we being divided, and they with the solid vote of all the negroes, that never divides, but walk up always as willing slaves to vote as instructed to do by the leaders they hope to be able two years hence to elect their own party friends. Cain't our people see the point? Will they vote them to bring upon their country the terrible curse of Radical rule again? We cannot think so. A vote for an independent is a vote indirectly for the Radical party, Shall Nash ever again be cursed with Radical rule? We think the response from every true Democrat is no, a thousand times no! Then vote for no independent used by them as the entering wedge to future success.

BILL ARP.

The Georgia Humorists Opinion of Independent Candidates.

Atlanta Constitution.

Times use to was when the people called a man from his retirement and axed him to serve them, but now-a-days a feller can hold on to an office until he thinks it belongs to him. He don't wait to be called, but he gits there first—ahead of everybody and you can hear him a mumblin "I'm in and I'll be durned if I ain't a goin' to stay in. I've got some personal friends, and I can get the niggers and scalawags and you may go to the devil with your convention." You see they control the scalawags by keepin' 'em in office, and the scalawags control the niggers, and they all mix up hash together and call it independence. This party hash is growin' bigger and bigger, and if our people don't mind will absorb a heap more sorebacks than Toombs. Bob never would work in a wagon with a driver behind no how. and I have thought that maybe if he could get in the rear and butt it around like a goat, and once in a while turn the concern over, he would be satisfied. But some how or other I like Bob—as a man—not as a very great man—for, in my opinion, one man ain't very much greater than another no how. The principle difference is in the quantity of conceit and impudence. Time was when modesty was one of the ear marks of greatness, but that's lost art now.

Yours, BILL ARP.

P. S.—If Alek wants to go back jest to fix up them weights and measures, I'm agin it—for I've got a peck and a half bushel both sealed, and I can't afford to throw 'em away and buy a new set. Wouldn't it do him just about as much good to have something about it put on his epitaf?

SAMPSON COUNTY.

Local and District Politics--The Crops--Hog Cholera--Clinton Re-Building.

Letter to the News.

SAMPSON COUNTY, July 3rd.

Politics somewhat quieted down since the convention. You recollect we had the 3rd Congressional Convention in which the Hon. A. M. Wadell was nominated—one of North Carolina's brightest sons. He was nominated on first ballot. We have had our County Convention since then. Our Candidates are in the field. For the Senate we nominated Nick Fennele. He served us in the lower house at the last Legislature. For the Commons we nominated J. C. Hines and Rice Carroll, both of them high-toned gentlemen and first class farmers; it seems that our people would not be satisfied with men of any other profession. I think it would be better for us if more of our law-makers were first-class farmers. I guess it would be needless for me to mention the other candidates, as they are confined to the county, suffice it to say, that they are all good selections for their various avocations.

THE CROPS.

Crops are somewhat backward as a general thing, though some of our farmers can boast of cotton blooms that were seen the last week in June. The wheat harvest is about over, the yield was very small as a general thing. The rust was a preventative of a good crop. Though this was our misfortune we are not a peope to give; I have heard some say that it will not do to plant so much cotton; that we must raise our own grain and meat.

HOG CHOLERA.

I think we will miss it this year, so far as wheat and hogs are concerned, our hogs have diminished fully one half in the last two years by the effects of of the cholera. It is to be hoped that some one will find a remedy that will cure this disease.

CLINTON BUILDING UP.

Clinton our county seat is building up very fast, there has been a great improvement in the last few months, there is a house in nearly every place that was burnt two years ago—all wood buildings. It begins to look like Clinton once more. SAMPSON.

Our Narrow Guage Road.

Lenoir Topic.

One half of the road, about fifty miles, is completed and in running order to Dallas. The gross earnings for the year ending April 30th were $31,000, being about $600. per mile for each mile operated, and this too while in competition with the broad gauge road to Charlotte. The Narrow Gauge is worked with much less expense than the broad gauge, while the carrying capacity is but little below the other; the one carries twenty-six bales of cotton per car, the other, twenty; freight on corn from Dallas to Chester, five cents per bushel, on flour, ten cents per sack, and so on.

Twenty-eight miles, from Dallas to Newton, are graded and now ready for the iron.

The grading from Dallas to Newton was done by convict labor.

North Carolina Talent Abroad.

"By invitation, Rev. Wm. M. McPheeters preached in the Presbyterian church of this place on Sunday. On Monday a formal invitation was tendered him to become a stated supply of this church, and the invitation was accepted. The reason that he was invited to become a stated supply, instead of being called to the pastorate of the church was that he expects, as soon as the way is clear, to go as a missionary to South America. Mr. M. made a very fine impression on all who heard his two admirable discourses on Sunday. He is a young man of excellent attainments, and gives promise of great usefulness in the cause to which he has devoted himself."

The above is from the Bedford Sentinel, June the 28th, of Liberty Virginia.

This talented young minister, who finished his theological course at Union Theological Seminary of Virginia in May last, is a son of the Rev. Dr. Samuel B. McPheeters, and a grand-son of the venerable Rev. Dr. William McPheeters, both of whom were so well known and greatly beloved in this city and in North Carolina many years ago. They have long since gone to their reward and their mantle has fallen on one so worthy and who gives such promise of usefulness.

Richmond County in the Legislature.

Rockingham South.

William F. Brookshire, Esq., the Democratic nominee for Senator in this district was born in Randolph county, and received a common school education at Asheboro. Colonel Jesse Hargrave, Democratic nominee for the House of Representatives, is a native of Davidson county, graduated at Chapel Hill, came to this county in 1869, and married a sister of the late Colonel Robert H. Cowan, of Wilmington.

Supreme Court.

Court met at 10 o'clock on yesterday, all the Justices present except Justice Bynum.

Call of appeals from the 12th district was begun and concluded, as follows:

A. H. Sudderth, guardian, vs. McCombs & Sudderth, administrators, (3 cases) from Cherokee; argued for the plaintiff by Battle & Mordecai, and for the defendants by Merrimon, Fuller & Ashe.

D. P. Adams, vs. W. H. Thomas, et al., from Jackson; called and set for hearing at the end of the docket.

J. L. Wilson vs. G. W. Younce, from Macon; continued for absence of counsel.

The Court then called the cases from the 6th district, as follows:

J. S. Dancy, vs. J. J. Long et al., from Halifax; called and put off the docket—the administrator of Higgs to pay the costs of this Court.

State vs G. W. Swepson et al, from Wake advisari taken at last term; Court took the papers for decision.

L. C. Edwards vs Archibald Kearzy, from Granville; Mandate from the U. S. Supreme Court filed—Left open for consideration.

Alanson Capeheart vs William Stewart, from Northampton; called and continued for absence of counsel.

Petersburg Railroad Company vs Commissioners of Northampton County; from Northampton, continued for absence of counsel.

T. J. Southall and wife vs W. H. Shields, Administrator, from Northampton; continued for absence of counsel.

City of Raleigh et al, vs D. M. Carter et al, from Wake; advisari at last Term; Court took the papers for decision.

R. C. Badger et al, vs W. A. Daniel et all, from Halifax; argument begun. Walter Clark and Mullen & Moore for the plaintiffs, and Gilliam & Gatling, J. B. Batchelor and R. O. Burton, Jr., for the defendants. Pending the argument in this case, the Court adjourned until this (Tuesday) morning at 9 o'clock.

Opinions were filed by the Justices on yesterday, in the following cases:

By SMITH, C. J.

Strauss, Hartman, Hoffein & Company vs L. P. Beardsley, Administrator, et al, from Pitt. Judgment reversed.

State vs Shelton & Franklin, from Madison; affirmed.

By READE, J.

William Gardner et al, vs A, G. Anderson, from Buncombe; Error.

J. Froneberger vs J. G. Lewis, from Catawba; (2 cases) Defendant's appeal affirmed. Plaintiffs appeal—error.

By RODMAN, J.

Stephen H. Morris vs Amos Pearson, from Wilson; Reversed and venire de novo.

John S. Mannix, Administrator, vs Thomas S. Howard, from Craven; Reversed and remanded.

By BYNUM, J.:

C. W. Williams vs. Alexander and Green Williams, Administrators, from Person. Reversed and modified.

W. H. Williams et al. vs. A. and Green Williams, Administrators, from Person; (plaintiff's appeal.) Reversed and judgment here according to report. Defendants appeal in the same case:

By FAIRCLOTH, J.:

Samuel Hudson, Executor, vs. S. & C. L. Witherington, from Jones. Reversed.

J. C. Sanderson vs. J. and T. L. Sanderson, from Tyrrell. Judgment reversed.

Natural Selection.

Investigators of natural science have have demonstrated beyond controversy that although the animal kingdom the "survival of the fittest" is the only law that vouchsafes thrift and perpetuity. Does not the same principle govern the commercial prosperity of man? An inferior can not supersede a superior article. Illustrative of this principe are the family medicines of R. V. Pierce, M. D., of Buffalo, N. Y. By reason of Superior merit, they have outriveled all other medicines. Their sale in the United States alone exceeds one million dollars per annum, while the amount exported foots up to several hundred thousand more. No business could grow to such gigantic proportions and rest upon any other basis than that of merit. It is safe to say that no medicine or combination of medicines yet discovered equals or can compare with Dr. Pierce's Golden Medical Discovery, for the cure of coughs, colds, and pulmonary and blood affections, If the bowels be constipated and the liver sluggish, his Pleasant Purgative Pellets will give prompt relief; while his Favorite Prescription will positively perfectly, and permanently, cure those weaknesses and "dragging down" sensations peculiar to females. In the People's Common Sense Medical Adviser, an illustred work of nearly one thousand pagee, the Doctor has fully discused the principles that underlie health and sickness. Price $150, postpaid. Adapted to old and young, single and married. Address R. V. Pierce, M. D., World's Dispensary and Invalids Hotel, Buffalo, N. Y.

North Carolina in Congress.

Asheville Citizen.

In the last Congress no Representatives worked more faithfully or zealously than the delegation from this State. They accomplished more for the State than any previous delegation ever attempted. We make this note with particular pleasure as as due to them. If North Carolina be always as well represented she will be fortunate.

The Schools.

Wadesboro Herald.

Let's have a liberal and enlightened sensible system of public schools; one from which some benefit may be derived by those who pay the taxes; or let the present ridiculous and farcical and disgraceful system be totally abolished—and the fact go forth that North Carolina has no free schools.

Sunday School.

Letter in Louisburg Times.

We learn from a reliable source that at Chapel Springs, Nash Circuit, there is a most flourishing and effective Sabbath School which is quite an improvement on the past. Bro. McCleod will hold a protracted meeting, commencing Saturday before the third Sunday in July, at which time and place we expect happy results. So mote it be. Amen.

Congressional Nominations.

FOR CONGRESS, THIRD DISTRICT.
ALFRED M. WADDELL,
of New Hanover.

FOR CONGRESS, SEVENTH DISTRICT,
ROBERT F. ARMFIELD,
of Iredell.

ELECTION, TUESDAY, NOVEMBER 5TH.

Congressional Convention.

A Convention of the Democrats and Conservatives of the Fourth District, will be held in the city of Raleigh, on Thursday the 22nd day of August next for the purpose of nominating a candidate for Congress. Each county will be entitled to one vote for every one hundred votes and fractional part over fifty, given for Gov. Vance in 1876.

By order of District Ex. Committee.

July 2, 1878. Chairman.

The Democratic papers in the District will please copy.

GENERAL W. P. Roberts, of Gates, will not be able to attend the meeting of the Western North Carolina Railroad Directors to-morrow. His horse ran away with him last week, fracturing his thigh, and he now lies at his home, suffering much pain.

THE Directors of the Western North Carolina Railroad hold a regular meeting at the head of the road to-morrow. Hon. Wm. T. Dortch, V. V. Richardson, of Columbus, and R. H. Battle, Jr., three of the Board, passed up the road yesterday, and will be joined by Col J. I. Sales, and Hon. F. E. Shober, as they go along. The others, Hon. James L. Robinson, and the Director from the Seventh Congressional District, will join them at Henry.

THE Republicans will not be able to carry Caswell this year. There never was seen such confusion and dissatisfaction as attended their county convention. Wilson Cary, the "archives of gravity" man, presided. They recommended Mr. Giles Mebane for the Senate. For the House they nominated Wilson Cary, colored, and T. S. Harrison, white. Sheriff, R. S. Graves; Clerk, J. H. Kerr; Register of Deeds, T. J. Brown; Coroner, J. L. Gunn.

THERE is a severely mad man at Falkland, in Pitt county. He writes the News that "every editor in the Southern States who is opposed to the Charleston Exodus Association, or is opposed to the colonization of the Southern negroes, ought to undergo just what poor Jim Worley and wife have suffered; and not alone editors, but every other white man should undergo the same who opposes the exodus of the negroes." He signs himself J. A. W. and evidently means business. The fraternity must prepare to defend itself, or surrender to the scheme of colored immigration.

FROM Granville county the news is very encouraging. The fight between the Cozart wing and the Moore wing of the Radical party there has culminated in the nomination of two sets of candidates. The nominees of the original convention for clerk and Sheriff are as follows, viz: B. H. Cozart, for Clerk; Thomas W. Hicks, for Sheriff. The nominees of the mass meeting which assembled in Oxford on Saturday last are as follows, viz: R.W. Lassiter for Clerk; B. F. Bullock, for Sheriff. Both sets of nominees have a strong following, and if the discordant elements are not harmonized the Democrats will carry the county in August. All of the above are whites, as the Radicals of Granville have a habit of bestowing all the paying offices on the Caucasian race.

Judge Strong's Law School.

Judge Strong announces the second session of his law school for the beginning of September. The first session was the most successful of any law school established in the State. There were present twenty-seven students, ten of whom stood for and obtained license at the present term of Supreme Court.

Raleigh possesses unusual advantages and facilities as a location for a law school. There are held here sessions of the Circuit Court of the United States, the Supreme Court of the State, District, County and City Courts, some of which are nearly always in session, and which students can attend, to much manifest advantage. The law libraries of the Supreme Court, and of members of the city bar are not equalled by any other collections in the State, to all of which students have free and ready access. The Raleigh bar, for ability and the scope of its practice, is not surpassed by that of any city of its size in the Union. During the sessions of Judge Strong's school, these gentlemen have in turn delivered lectures before his classes, in addition to the regular lectures of the Judge himself, and the practical insight thus imparted into the science and practice of the law, has been of no inconsiderable value to the young gentlemen studying for the profession; and it may be safely said that the young lawyer leaves here with a higher knowledge of the profession upon which he is about to enter than could be acquired at any school where the facilities for observation and learning are less apparent than here.

As an instructor in the science of the law, Judge Strong possesses peculiar and happy faculties. He attaches his young men to him quite as much as the lamented Pearson, and his intercourse with them is free and easy. He makes companions of them, is much with them outside of lecture hours, a great walker, and good talker, making each feel that he is in company with an interested friend, and from the very first inspires in every one a confidence in his ability to master the profession, and encourages him to a zealous undertaking of what has seemed to many a hopeless task. The late Chief Justice Pearson was long regarded the first law teacher in the State, but it is the expressed opinion of gentlemen who have attended the lectures of both, that Judge Strong is in no sense behind the great preceptor of the legal fraternity of North Carolina. And if his standing as a lawyer and law teacher may be measured by any such test, the review which the News made of the last volume of the Supreme Court reports showed that therein the decisions of Judge Strong were sustained by the Supreme Court in the largest proportion of any Judge of the State.

Confederate Soldiers' Association.

Salem and Winston held their first meeting of the Confederate Soldiers' Association on the fourth of July, and duly organized and established it on a permanent basis.

It is time now that the veterans of the Southern struggle should organize associations for the preservation of historical facts relating to campaigns and the incidents of camp life, which the hand of impartial history will want in writing the story of American valor as it displayed itself on both sides in the great conflict between the States of the North and the South. And time has so far calmed the passions of men and removed the prejudices of sections, that these things may be done now without awakening the least unkind feeling on the part of any one, or creating the slightest suspicion of a motive of disloyalty, or of one longing, lingering look behind. Thus, with no prejudice from any source, no word of criticism or discouragement from any one, there is not likely to be that hesitation or question of propriety that might have attended the effort to form a surviving soldiers' association during the earlier years succeeding the war, and hence, what might have then proven, at best only a temporary and partial success, may now result in the fullest accomplishment of all the objects aimed at.

The objects of this association were stated to be to obtain all the information possible concerning the commands of its members, what battles they participated in, what part each took in the fight, the number killed, or that died from other causes than on the field, and all other information which may be of interest. It is also the purpose to look after the interests of widows and children of deceased soldiers, and to firmly cement the bonds of friendship which united North Carolinians on many a well-fought field, and that made them as the members of a common family in the crowded camp.

It was resolved that a re-union of all the ex-Confederate soldiers in that part of the State should be held at Salem and Winston sometime during the coming Fall, due notice of which will be given; and on motion of Dr. Bahnson a committee of five was appointed to draft a constitution and by-laws for the government of the association, and report thereto on the occasion of the re-union. C. B. Watson, Esq., said that the association was loyal to the country and the flag and he hoped the band would render the Star Spangled Banner, which remarks were greeted with applause, and when the band had rendered the national air, the ex-Confederates present responded in long and loud hurrahs. Three cheers for the Old North State were called, when there rang out on the air that "old rebel yell" which Federal officers have said was so trying to the nerves of their men.

There were one hundred and thirty-seven names found to be enrolled as members of the association. Many veterans were not present who would have entered their names, and the President, Major T. J. Brown, requested that all soldiers in Western North Carolina will send in their names and commands to Captain D. P. Mast, Recording Secretary, or to Captain George M. Mathes, Corresponding Secretary. A parade was had around the Court-House square, headed by the Salem Cornet Band, to the lively music of Dixie and other patriotic pieces, and the first gathering of the Confederate survivors dispersed amid the shouts, hand-shakings and congratulations of the noble fellows who followed the starry cross from Bull Run to Appomattox, without ever a thought save the honor and glory of North Carolina.

WHY don't the city authorities make some report on the request for privileges made by the Merrill gas combination? It was understood that the request for the privilege of erecting works in the city limits, connecting with the city mains and other preliminary grants, had been referred to a committee of Aldermen. Why don't that committee say yes or no? The whole community is interested in every species of public enterprise, and the city authorities should not hinder for a moment the establishment of a dozen gas works, if companies propose to put them in. There is as much room for gas companies as dry-goods stores, butcher stalls, fish venders; barber shop, and bath houses, and competition never injures any legitimate business. With two gas companies the consumption of gas would be quadrupled in the city, and both companies would make double the money each that the one now makes. An enterprise that proposes to bring money into the community, and take none out, should have the fullest support and encouragement of the city fathers.

PROF. LEDOUX gives notice to the farmers that he shall in September begin the analysis of the chemicals used in the preparation of home fertilizers, in the manufacture and sale of which there are alleged to be as stupendous frauds as were ever found in the commerce of spurious fertilizers. The Professor, in charge of the agricultural experiment station at Chapel Hill, invites farmers to make application to him for the necessary blanks and directions to enable them to properly select and forward samples of the chemicals they desire to have analyzed. No cost attends the process, save the prepayment of expressage on samples to Chapel Hill. Read his letter to the farmers, in the News.

THE example of persons high in position, in defying the wish and organization of the Democratic party has had the effect to justify smaller individuals in other sections of the State in their independence of party action. No more fatal blow was ever aimed at the Democracy than the conduct of Judge Merrimon and his friends in the Senatorial contest of 1872. The effects of that action are felt in the party throughout the State, and if the spirit of insubordination, which then succeeded in defeating the Democracy, with a two-thirds majority in the Legislature, is permitted to rear its head in our midst again, and [illegible] to understand that they cannot repeat their action or claim party rewards for their former political infidelity, there must be an end to party discipline and efficiency in North Carolina.

THE Republican Congressional Convention for the second district meets at Goldsboro to-morrow. Warren delegates go down this morning. It is likely that all the clans will gather and have the whole thing cut and dried before night to-day. There are a multitude of candidates, and Tim Lee will be on hand to marshal the hosts. Hyman and Harris are aspiring from Warren. Humphrey and Brogden from Wayne, Stanton from Wilson, O'Hara from Halifax, Mabson from Edgecombe, Dixon from Greene, King from Lenoir, Jake Scott from Jones, Abbott from Craven, and perhaps others too numerous to mention. The assortment is as varied as the stock is select. There are all colors, from ebony to white.

BEAUTY:
OR THE
Secret of a Fair Face.
AN ITEM OF INTREST TO EVERY LADY WHO DESIRES TO BE MORE BEAUTIFUL THAN SHE NOW IS.
Unfortunately no one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.
What nature has thus denied, art must be called upon to furnish.
It can be done; it is done daily. Prof. W. E. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called
MAGNOLIA BALM
The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.
It conceals all natural blemishes in the most surprising and effective manner.
It removes all roughness eruptions, redness blotches, freckles, and tan with magical power.
It drives away all evidences of fatigue and excitement.
It makes the plainest face beautiful.
It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rotund, and plump.
It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.
The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and while it is as harmless as water, it is so lifelike in its effects that the closest observer cannot detect its use.
Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

EDUCATIONAL.

The Bingham School,

Mebaneville, N. C., surpasses all other similar Schools in the South: 1st in age; 2d, in the character of its buildings; 3d, in numbers; 4th, in area of patronage; 5th, in ability to provide profitable employment for its proficient pupils; and 6th, while other expenses are rather below the average this North Carolina School commands somewhat higher tuition fees than any other institution of learning of any grade, for males, in the Southern States. These facts make other testimonials unnecessary.

MOSSY CREEK, Tenn., August 22, 1876.

Xanthine Co., Richmond, Va.:

I have used the Xanthine now for three years, and have induced others to try it, and have never known it to fail in accomplishing all you claim for it. It is an excellent tonic a pleasant dressing, removing and preventing dandruff and all unpleasant itching, promoting and preserving the natural growth and color of the hair, and rendering it glossy and pliable. I confidently, cheerfully and knowingly recommend it.

ELECTION THURSDAY, AUGUST 1ST.

LOCAL BRIEFS.

—Dust-covered and perspiring, we acknowledge two of summer's discomforts.

—The heated term yet holds supreme sway. No promise of a shower is indicated.

—The Board of Directors of the State Penitentiary begin a regular monthly session to-day.

—A letter addressed to Fred McClair, care Mr. Holland, but having no direction, is held at the Post-Office.

—W. C. Booth, of Amelia county Va., has been appointed a Commissioner of Affidavits for this State by the Governor.

—A young men's prayer meeting was held at the rooms of the Y. M. C. A. on Fayetteville street, Sunday afternoon. The services were interesting.

High living can not be indulged in without disagreeable consequences. If you feel that your blood is out of order use Dr. Bull's Blood Mixture.

—Regular meeting of Manteo Lodge, No. 8, I. O. O. F., to-night. two or three initiations are expected, and all Odd Fellows in good standing are invited.

—The colored portion of our population were hugely delighted at a panorama given at the Metropolitan Hall last evening, for the benefit of an Oberlin Church.

—A child of Mr. Thomas Medlin, one of the city street laborers, died on Sunday last. The funeral was held from Swain Street Baptist Church yesterday at 4 P. M.

—The Haywood house, at the intersection of Fayetteville and Cabarrus streets, so handsomely renovated by Maj. Tucker, is to be occupied by Mr. Hayes as a boarding house.

—The prevailing dulness will be dispelled, for one day at least, by the races at the Fair Grounds a week from next Thursday. There will also be several chicken disputes at the same place and time.

—Permission has been granted by the Executive to the Sumter Light Infantry, of Sumter, S. C. to visit Smithville, Brunswick county on the 16th, inst. They go into camp for ten days.

—A list of appeals in the Supreme Court, set for hearing at the end of the docket, will be called in regular order, on Monday next. The list will appear to-morrow, space not permitting its appearance in this issue.

—Smith, Cohu & Co., of New York City, took out a drummer's license yesterday. This is the first firm of the metropolis to take out such license in over a month. Richmond, Va. takes the lead in this line, followed by Baltimore.

—Our citizens will be deprived of the pleasure of hearing the speech of Robert Thrower this evening, as he has been obliged to defer the address, on account of business engagements, but at some early day during the canvass will be heard.

—The alarm of fire given last evening had a very enlivening effect, until it was found to be almost a hoax, only some rubbish burning in a yard. Our citizens have been so long disappointed by the veriest apologies for fires we have, that they are almost disheartened. The promptness of the fire companies was commendable.

Y. M. C. A.

We are requested to state that the Young Men's Christian Association will meet on Friday night, instead of to-night, as formerly announced.

Fine Music.

At Christ Church on Sunday last the worshippers were delighted by the artistic performances on the organ by Mr. E. Parkman, of New York. His mastery of the instrument was complete, as was evinced by the character of the music. We learn with pleasure that Mr. Parkman will probably settle here. In such case he will officiate as organist.

Mayor's Court.

The usual morning levee at this dispensary of justice was graced by the presence of three offenders. Two of these, Ellen Jones and Rosa Kelly, both sable, were found guilty of being disorderly on the streets, and were therefor fined $5 and costs each.

Junious Allen, a colored youth, charged with the theft of sundry household articles from Officer Peter Francis, city police force, was found guilty and sent to the Criminal Court.

Railroad Inspection.

The Committee of Finance and Inspection of the Raleigh and Gaston Railroad, consisting of Major W. J. Baker, of Norfolk, Va., Major T. B. Venable, of Oxford, and Major R. S. Tucker and A. M. McPheeters, Esq., of Raleigh, on Friday, accompanied by Major John C Winder, Superintendent of the Road, made their annual examination of all the bridges, depots and road-bed and track, and we learn that after a most rigid examination, they report the road in all its appointments in most excellent condition, and we are pleased to learn that under the present efficient management, the road is each year in an improved condition and now offers to the travelling public as safe and comfortable transportation as any in the country. Several hundred tons of steel rail have recently been purchased, and will soon be put down. The committee also noticed a great many signs of improvement on the line of the road and at different depots. Several very large tobacco ware houses are now being put up. The shipment of fruit is becoming a very important interest large quantities of peaches and other fruits and berries have been and are to be shipped this season. It is gratifying to know that this road, one of the oldest in the State, is in such a prosperous condition, and has such a charming future.

Personals.

Col. W. R. Richardson is ill at his residence.

J. M. Moring, Esq., of Chatham, now a candidate for the House of Representatives from that county, is in the city.

Col. Wm. L. Saunders has returned from a lengthy sojourn at the Warm Springs, and shows much improvement in health.

Hon. Thomas N. Hill, of Halifax, is at the Yarbrough.

Treasurer J. M. Worth has returned from a visit to his home in Randolph.

Col. L. L. Polk left the city yesterday for Pender county, where he delivers an address to the agriculturists at Burgaw.

Hon. V. V. Richardson, of Columbus, member of the last Legislature, is at the Yarbrough. He is on his way to Asheville to attend the first meeting of the directors of the W. N. C. R. R. ever held west of the Blue Ridge.

Criminal and Superior Court Jurors.

At the last session of the Board of County Commissioners, the following were drawn to serve as jurors for the Term of the Criminal Court beginning the Second Monday in August: T B Bridgers, J H Murray, P Parrish, J J Edwards, B D Cotton, P W Dowd, J W Massey, Jas Holloway, Thos Freeman, F H Hood, J H Blalock, W E Pierce, Aug Carter, Wright Liles, Arch Bancom, C E McCullers, W H Pope, E H Kemp, Geo Crenshaw, N M Tomlinson, Alfred Jones, J C Moss, J H Dunston, G Rogers, R F Temple, J J Maynard, C H Goock, J Q Maynard, John Keith, Simon Dogle.

The following were drawn to serve as jurors for the Term of the Superior Court which commenced the third Monday in August:

Agricultural Museum.

The attractive exhibition of the products of our State at this museum has received a number of additions recently. Among these we notice a specimen of the Holothuria or Sea Cucumber, which was taken at New Berne by Mr. Thos. Taylor. This product of the sea is edible, and is highly esteemed as an article of food by the natives of China and the Malays, where it is worth its weight in silver. The delicacy is eaten with syrup. Mr. Taylor also sends one of the oddest of sea fish, the Trunk Fish.

A. W. Graham, Esq., of Hillsboro, sends 12 irish potatoes, whose total weight is 12¾ pounds. The statements and specimens sent from all over the State show an improvement in the quality and quantity of potatoes. A visit to the museum will repay one for the effort, while its shelves show to some extent the infinite variety of our products.

Poetry.

She didn't prepare to sing in the usual conventional style, by touching up her hair on either side and behind, adjusting the ribbon at her throat, pulling down her cuffs or fixing her mouth to make it sweeter, but sat unconcernedly and seemed to be listening as pleasurably to the instrumental prelude as did the balance of the congregation. The choir arose and a grand burst of melody swept through the spacious edifice, and then all was still save the low, throbbing moan of the deep-toned organ. In a little while the stillness was broken by the voice of a little bird, which seemed to be calling lovingly to its mate; then it changed to a sad, sweet, melancholy wail that made us feel lonesome-like and unhappy, but still it was delicious, and we couldn't bear the thought of losing a single note, so we stayed—it was 'happier to be miserable than to be happy without being miserable." We were entranced, and while we may never hear her again—as we understand she is only on a visit to the city—the sweet tones of that matchless voice will linger in our memory forever.

Registration—August Election.

The places of registration, together with the names of the registrars, are given below, the nearness of the election making their publication useful:

First Ward, Baker's Store, Wilmington street, V. Royster, Registrar; Second Ward, Cooke's Hotel, Wilmington and Davie streets, J. M. Carver, Registrar; Third Ward, C. D. Heartt's Store, Fayetteville street, J. R. H. Carmer, Registrar; Fourth Ward, Dunston's shoe shop, McDowell and Cabarrus streets, E. O. Macy, Registrar; Fifth Ward, Pritchard's Store, Salisbury and Hillsboro streets, C. W. Lambeth, Registrar; Township, outside corporate limits, Superior Court Clerk's Office, Court House, J. D. Pullen, Registrar.

Death from Sunstroke.

While ploughing in a field on Saturday, Mr. Utley, a resident of Middle Creek township, was overcome by the intense heat. He was carried to his house, but despite all attemps to revive him, died in an hour. He was only 18 years of age, was a young man of much promise, and held in high esteem in his community.

The necessity of guarding against the exceeding warmth of this heated term is apparent, and unless care be taken we may expect to hear of similar cases of attack.

Fraps to the Front.

The new advertisement of this veteran dealer in drinkables, shows that he keeps up his reputation as a keeper of the best liquors. His known merits in this respect render comment unnecessary.

Post Office Notes.

During the month of June the following new Post offices, were established in this State by the Department: Cuba, Rutherford county; Whiteside Cove, Jackson; Water Tank, McDowell; Shallow Ford, Alamance.

The following offices were discontinued: Battle Ground, Guilford; Jack's Creek, Yancey. The name of the office at Hoofman, Moore county was changed to Hoffman.

Thanks.

We have received an invitation to attend Mr. Hayes' barbecue at Gattis & Jones' mill, to-day. Weather and Providence permitting we will be on hand. This is Mr. Hayes' annual dinner given to a few of his personal friends, and will, no doubt, be a pleasant affair, as no one better knows how to barbecue a pig or get up a Brunswick stew.

125 A Day.

Is the number of sewing machines turned out daily by the manufactuers of the New Home, pronounced by all the best machine sold. J. L. Stone, of Raleigh, Gen. Agent.

Artistic and Beautiful.

On yesterday we were shown a view of the interior of the First Baptist Church. It includes the galleries, organ, and pulpit, with Rev. Dr. Pritchard seated in one of the chairs on the rostrum. The clearness and beautiful execution of the picture does the artist, Mr. Charles F. Hodges, much credit. It is imperial size. Duplicates of this picture will be sold for twenty-five cents, at Williams' Book Store and Hunt's Photograph Gallery. 1t.

For the News.

There is one thing during this campaign that all the candidates can agree upon. Democrats, Republicans or Independents, and that is, that Brewster's is the head quarters for hardware, stoves, tin ware, house furnishing goods, iron, steel and nails, paints, varnishes etc. etc. And we want each and every one to proclaim this fact from the stump in every precinct in the county and every county in the State. *

Fresh Eggs.

A nice lot just received on consignment, at W. A. Myatt's, shipments of Butter, Chickens and Eggs, constantly coming in.

The Swannanoa Hotel,

Asheville, N. C., the largest and finest hotel in Western North Carolina, will be opened for the reception of guests on next Monday, July 8th, 1878. Board reasonable and fare first class. W. M. Nicholls, formerly of the Kimball House, Atlanta, Ga., is the manager..

The Tobacco Tax.

The prolonged agitation of the tobacco tax question has undoubtedly wrought much injury to the trade, but the more that is said about Barham's Infallible Pile Cure the better it will be for those suffering from Hemorrhoids or Piles. It never fails to releive. Try a box. Price $1.00, sent post paid. Made by the Barham Pile Cure Co., Durham, N. C, 6t.

One thousand Telephone Shirts at 65 cents each, just received at Woollcott's Open Front Store, Wilmington Street. These Shirts are made of Androscoggin Bleaching, and the bosoms are pure linen. The lot is a consignment, and must be closed out. *

Something Worth Attention.

Consigners of county produce should ship to A. C. Sanders & Co., because they are the only commission merchants in Raleigh. They do not buy at all on their own account, but make prompt returns, at the same prices they sell at, which are the highest this market affords. *

Ice, Ice.

To live through the summer without using ice is almost an impossibility. Blake's ice-house is conveniently located, just opposite the market, and he is prepared to furnish that greatest of summer delicacies in any quantity. Don't forget Blake when ice is needed. *

Blindly Groping

For some medicinal alcoholic resuscitant of physical energy, which should take the place of the heady and frequently adulterated stimulants of commerce, the medical practitioners of a quarter of a century ago were elected first observing the reviving effects upon the system of a tonic then recently introduced, but which has since become the most popular medicine sold on this continent, viz.: Hostetter's Stomach Bitters. Their astonishment and admiration were increased when experience further disclosed that this botanic remedy effected results which the mineral drugs of the pharmacopeia often utterly fail to produce,—among others, the permanent restoration of vigor, the removal of digestive, secretive and evacuative irregularities, and the eradication and prevention of periodic fever. So ready recognition of the merits of the Bitters by unprejudiced and enlightened physicians naturally followed this revelation of medical facts, which have since received such frequent and positive confirmation.

Weekly Persons Wine.

Old and infirm persons need some mild tonic or gentle stimulant, especially in warm weather. The wine made at Speer's Mount Prospect Vineyards, in New Jersey, called Speer's Port Grape Wine, is used in the Atlantic States as the best tonic wine known and is regarded as pure, and is very popular among physicians. 1y 9 6t

A QUEER HEAD-PANTRYMAN.—The Jesse Hoyt, a famous New York Steamboat, used to have for head pantryman a bent and crippled darkey, whose face was as full of humor as his form was of kinks and knobs. His name was Robert Smith, and his malady was chronic rheumatism. He tried Giles' Liniment Iodide Ammonia for a week of the present winter and next season intends to astonish his old acquaintances on the Hoyt by his appearance as a sound man.

TESTIMONIAL.

The success which the Kenmore High School has achieved under the energetic and conscientious administration of the Principal and his able Assistant, and the preparation and training of its pupils, who have entered the University of Virginia, have fully justified the recommendation of this excellent School to the public, at its beginning. I regard it as a very successful educational foundation, and I trust it will continue for many years to do its good work for our state and country.
